SPN7810

Home theater surge protector

2,300 Joules/108,000 Amperes

Designed for the home theater enthusiast, this advanced surge protector uses Pure Power technology which filters EMI/RFI noise so only clean power enters your electronic equipment. Keeps your picture sharp, data reliable and sound clear.

Ideal for home theater systems
- 2 sets gold coax protection

Ultimate performance design
- EMI/RFI noise filtration
- 8 outlets
- Power blocker

Dependable protection
- V3 Advanced Surge Technology
- €300.000 equipment warranty

Built-in convenience
- Right angle plug
- Protection indicator light
- Cord management system
- 2 m power cord

PHILIPS
sense and simplicity

Specifications

Packaging dimensions
- EAN: 87 12581 36955 2
- Number of products included: 1
- Packaging type: Blister
- Packaging dimensions (W x H x D): 6 x 23.2 x 48 cm
- Nett weight: 0.916 kg
- Gross weight: 1.176 kg
- Tare weight: 0.26 kg

Outer Carton
- EAN: 87 12581 36956 9
- Number of consumer packagings: 3
- Outer carton (L x W x H): 50 x 25.1 x 19.7 cm
- Nett weight: 2.748 kg
- Gross weight: 4.078 kg
- Tare weight: 1.33 kg

Product highlights

2 sets gold coax protection
Gold-plated connectors route the coaxial signal through the surge protector to protect the line from surges and spikes. Allows two cable devices to be plugged into the same unit. Gold connectors act to reduce noise (snow, vertical lines, etc) in picture and keep data safer from devices with cable modems.

EMI/RFI noise filtration
Built-in filtering technology ensures the best performance from your components. It guards against signal interference and loss of data.

8 outlets
Converts one outlet into eight outlets allowing you to plug in multiple devices from one single AC outlet.

Right angle plug
This flat design allows for more positioning options and lets furniture sit more closely to the wall.

Protection indicator light
This LED alert lights up to indicate the surge protector is working properly.

Cord management system
Collects the power cords and directs them away from the device in an organized fashion to keep the area clutter-free.

Power blocker
This automatic shutdown technology senses when the device has reached capacity and automatically shuts down electricity to your equipment. It protects against subsequent surges, even if you are not present

€300.000 equipment warranty
Protects your connected equipment for the life of the product.

2 m power cord
Provides power to the unit which can be 2 m from the AC outlet.
